<u>COMPLAINT</u> Class Action Complaint for Damages and Injunctive Relief Pursuant to 47 U.S.C. §227 *et seq.* (Telephone Consumer Protection Act)

Plaintiffs Ryan Mitchell, Jr. and Brady Misner ("Plaintiffs"), individually and on behalf of all other persons similarly situated, by and through undersigned counsel, hereby file this Class Action Complaint and Jury Demand against WGU Corporation (formerly known as, and also known as, "Western Governors University") ("Defendant" or "WGU") for damages, injunctive relief, equitable relief, and any other relief deemed just and proper arising from Defendant's violation of the Telephone Consumer Protection Act ("TCPA"), 47 U.S.C. §227, *et seq.*, and the Federal Communications Commission Rules promulgated thereunder, 47 C.F.R. §64,1200(d) and (e) ("Rules").

NATURE OF CASE

1. Plaintiffs bring this Class Action Complaint against Defendant to seek redress for Defendant's willful violations of the TCPA, and the Rules, by placing telemarketing phone calls to Plaintiffs' cellular telephones using automatic telephone dialing systems ("ATDS") and/or

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 2 of 15. PageID #: 2

prerecorded voices without their express written consent, and by placing telemarketing phone calls to Plaintiffs' and other class members' cellular telephones after they had requested that Defendant cease such calls and/or after they were registered on the federal "Do Not Call Registry."

2. Accordingly, under Fed.R.Civ.P. 23, Plaintiffs bring this TCPA action on behalf of themselves and a class of similarly situated individuals under 47 U.S.C. §227(b) and (c).

JURISDICTION AND VENUE

3. This Court has original federal question and subject matter jurisdiction pursuant to 28 U.S.C. § 1331 and 47 U.S.C. § 227, *et seq.*, as this case arises under the laws of the United States (TCPA) and also the Class Action Fairness Act of 2005, 28 U.S.C. §1332(d). Plaintiffs allege and believe that there are: (i) 100 or more class members; (ii) the amount in controversy exceeds the sum or value of \$5,000,000, exclusive of interest and costs; and (iii) at least one member of the plaintiff class is from a different state than the Defendant.

4. Venue is proper under 28 U.S.C. §1391, inasmuch as Defendant is registered to do business in the state of Ohio, has a registered agent in the state of Ohio, conducts business in the Northern District of Ohio, and a substantial part of the events or omissions giving rise to the claims occurred in, were directed to, or emanated from this district.

PARTIES

5. Plaintiff Ryan Mitchell, Jr. is a natural person residing in the city of Euclid, Cuyahoga County, Ohio. Plaintiff Mitchell is, and at all times mentioned herein was, a "person" as defined by 47 U.S.C. § 153(39).

6. Plaintiff Brady Misner is a natural person residing in the city of Columbus, Ohio. Plaintiff Misner is, and at all times mentioned herein was, a "person" as defined by 47 U.S.C. §

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 3 of 15. PageID #: 3

153(39).

7. Defendant WGU Corporation was formerly known as—and also known as— "Western Governors University" (hereafter "WGU"). It is a Utah corporation registered to do business and in good standing in the state of Ohio. It's principal place of business is located at 4001 South 700 East, Ste. 700, Salt Lake City, Utah 84107. Its registered agent in the state of Ohio is Cogency Global Inc., 3958-D Brown Park Drive, Hilliard, Ohio 43026.

8. Defendant WGU is a "person" as that term is defined by 47 U.S.C. § 153(39).

9. According to Defendant WGU's website: "We're an online university dedicated to making higher education accessible for as many people as possible. Everything we do at Western Governors University is aimed at increasing accessibility and opportunity for each student, regardless of their background, motivations, or life situation."¹

10. Whenever in this Complaint it is alleged that Defendant WGU committed any act or omission, it is meant that the Defendant's officers, directors, agents, servants, or employees committed such act or omission and that at the time such act or omission was committed, it was done with the actual or apparent authority, ratification or approval of the Defendant, or was done in the routine normal course and scope of employment of the Defendant's officers, directors, vice-principals, agents, servants, or employees.

LEGAL BASIS FOR COMPLAINT

In 1991, Congress enacted the TCPA to regulate the explosive growth of the telemarketing industry. In doing so, Congress recognized that "[u]nrestricted telemarketing ... can be an intrusive invasion of privacy" Telephone Consumer Protection Act of 1991, Pub.
 No. 102-243 § 2(5) (1991) (codified at 47 U.S.C. § 227). The statute requires the Federal

Communications Commission ("FCC") to promulgate rules to protect telephone subscribers' privacy rights, 47 U.S.C. § 227(c), and permits a private right of action for violations of such rules. 47 U.S.C. § 227(c)(5).

12. All telemarketing calls placed to cellular telephones using an ATDS and/or artificial or prerecorded voice violate the TCPA if the calling party does not first obtain prior express consent from the called party. 47 U.S.C. § 227(b)(1)(A)(iii).

13. The FCC has defined prior express consent as "an agreement, in writing, bearing the signature of the person called that clearly authorizes the seller to deliver or cause to be delivered to the person called advertisements or telemarketing messages using an automatic telephone dialing system or an artificial or prerecorded voice, and the telephone number to which the signatory authorizes such advertisements or telemarketing messages to be delivered." 47 C.F.R. § 464.1200(f)(8).

14. In addition, the FCC Rules allow consumers to make "do-not-call" requests that companies must honor and track in internal do-not call lists. This rule applies to cellular phones.
47 U.S.C. § 227(c)(1)(A); 47 C.F.R. § 64.1200(d); 16 C.F.R. § 310.4(b)(1))(ii) and (iii).

15. The TCPA provides for statutory damages of \$500 for each call placed in violation of the TCPA and the Rules, which may be trebled if the violation is willful. 47 C.F.R. § 227(b)(3).

16. The TCPA does not provide an express statute of limitations. Therefore, the federal "catch all" limitations period of four (4) years governs TCPA claims. 28 U.S.C. Section 1658(a). *See, Sawyer v. Atlas Heating & Sheet Metal Works, Inc.*, 642 F.3d 560, 561 (7th Cir. 2011) ("The statute of limitations [for TCPA claims] is four years. 28 U.S.C. § 1658."); *Bridging Communities, Inc. v. Top Flite Fin., Inc.*, 2013 WL 185397, at *5 (E.D. Mich. Jan. 17, 2013)

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 5 of 15. PageID #: 5

("Plaintiff's private TCPA claim is subject to the federal four-year 'catch-all' statute of limitations").

17. While WGU is a nonprofit educational institution, calls made to cellular phones by or on behalf of such an organization for telemarketing purposes are not covered by any exemptions to the TCPA. *See* 47 C.F.R. 64.1200(a)(3)(vi).² As alleged herein, Plaintiffs' claims relate only to calls made to cellular phones.

FACTUAL ALLEGATIONS

18. During the months of February and March, 2023, Plaintiff Ryan Mitchell, Jr. received an estimated four marketing phone calls identifying the caller as being Defendant WGU. At least one or more of these calls were received in Euclid, Ohio. He received these calls on his cell phone with the ending four numbers being 8722. Mitchell, Jr. answered each of these phone calls, but after hearing that they were pre-recorded in nature, he would hang up. Mitchell, Jr. was aware that these calls used a prerecorded voice message because of his familiarity with normal human interaction, intonation, manners of speaking, and their ability to engage in the prerecorded or artificial voice in reciprocal, sensical communication.

19. At no point did Mitchell, Jr. provide any express written consent to Defendant to receive these calls.

20. Beginning in 2021 and through August, 2022, Plaintiff Brady Misner received an estimated eight to ten marketing phone calls identifying the caller as being Defendant WGU. At least one or more of these calls were received in Columbus, Ohio. He received these calls on a cell phone with the ending four numbers being 2913. When Misner answered each of these

² See e.g., Aranda v. Caribbean Cruise Line, Inc., No. 12 C 4069, 2016 WL 1555576, at *6 (N.D. Ill. Apr. 18, 2016) ("even non-telemarketing, informational calls, such as those by or on behalf of tax-exempt non-profit organizations . . . require either written or oral consent if made to wireless consumers").

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 6 of 15. PageID #: 6

phone calls, there would be a pause after he said hello, and then he could tell he was waiting for somebody on the other end to pick up a line. When that occurred, Misner would be speaking with a live person. Toward the end of receiving these calls, he informed the live caller that he longer wanted to receive these calls. Also, Misner was so tired of getting these calls, he changed his cell phone number to one ending in 1717. While the calls stopped for about one month on this new number, they eventually started once again. Also, Plaintiff Misner was on the federal "do not call" list when he received all of these calls.

21. At no point did Misner provide any express written consent to Defendant to receive these calls.

22. The two Plaintiffs are not alone in experiencing these TCPA violations by Defendant WGU. In February 2022, a consumer published a response to a post in a Reddit thread about receiving calls from WGU despite her never giving consent to be called. The poster maintains that after communicating to the university that she did not want to be contacted again, and after receiving a confirmation via text that she would be put on the do not call list, the unwanted calls from WGU persisted.³

RightLane_ · 7 days ago

I never even enrolled or signed up for anything regarding WGU. For the last 6 months I have been absolutely spammed with calls. I have answered and informed them I have absolutely zero interest in what they have to offer. I have had multiple conversations via text, where I am told that I am put on the "do not call" list. Still, every day, I am bombarded with calls. You guys are persistent as hell, I'll give you that. I have no clue who to report this to, so I'm getting a new number. Hope y'all get your student quota though.

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 7 of 15. PageID #: 7

In another Reddit post, published around July 2021, one consumer claimed that 23.

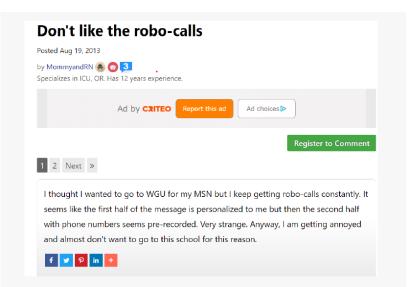

WGU failed to comply with her do not call requests even after she had revoked her consent to be contacted by WGU on multiple channels.⁴

Û	Posted by u/MightyMoria 4 months ago	Ŷ
0	Please Stop Spamming Me, WGU!	
10	I inquired into WGU over a year ago while searching for distance learning opportunities. Since then I have received a lot of calls, emails, and text messages.	
	I understand marketing (I work in marketing) but this borders on harassment.	
	I unsubscribed from the email, called and asked to be removed from call lists, blocked the number, and sent "STOP" to the text messages.	
	A few months later it all starts up again. Texts every other day from different numbers (I block them, but they always use another one). I text "Stop". Then a few days later it begins again.	
	Please, I would like to be taken off all communication lists from WGU, and to end this spam once and for all.	
	I also want to make WGU aware that this borderline-harassment marketing policy and aggressive communications tactic is not cool.	
	Thanks

consumer claims that she received multiple pre-recorded messages from WGU.⁵

telephone numbers (866-225-5948).

27. Plaintiffs have a reasonable and good faith belief that Defendant WGU utilizes a company called Genesys as its agent to place some or all of the calls described above that were received by the Plaintiffs and proposed class members. Indeed, Genesys identifies WGU as one of its client success stories.⁷ Other corporate customers of Genesys have had TCPA class claims brought against them as well.⁸

CLASS ACTION ALLEGATIONS

28. In order to redress injuries caused by Defendant's violations of the TCPA and Rules, Plaintiffs, on behalf of themselves and a class of similarly situated individuals, bring this suit under the TCPA, 47 U.S.C. § 227, *et seq*.

29. On behalf of themselves and the proposed Classes, Plaintiffs seek an injunction requiring Defendant to cease all calls to consumers who have requested that they stop calling customers for telemarketing purposes and/or are registered on the federal Do Not Call Registry, and an award of statutory damages to the class members.

⁷ <u>https://www.genesys.com/customer-stories/western-governors-university</u>

⁸ Two Genesys corporate customers, Freedom Mortgage Corporation and Navient Solutions, LLC, have been subject to class action litigation for violating the TCPA using Genesys' automated dialing systems. (*See Somogyi v. Freedom Mortg. Corp.*, 495 F. Supp. 3d 337 (D.N.J. 2020); *Amanda Hill v. Navient Solutions, LLC, et al.*, 2019 WL 8160631 (C.D.Cal.)) On September 15, 2020, Freedom Mortgage Corp. agreed to pay \$9.5 million to settle the TCPA related claims against them.

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 10 of 15. PageID #: 10

30. Plaintiffs bring this action under Fed. R. Civ. P. 23(a), (b)(2), and (b)(3) on behalf of

themselves and the following Classes, defined as follows:

- (a) All individuals in the United States who received telemarketing phone calls sent by or on behalf of Defendant to the individual's cellular phone from four years from the date of this filing to the date this Class is certified, where the individuals contacted had previously requested that Defendant stop calling and/or were registered on the federal Do Not Call Registry at the time of the calls. (the "Call Stop Class").
- (b) All individuals in the United States whose telephone numbers had been assigned to cellular phones, and who received phone calls sent by or on behalf of Defendant placed through the use of an automatic telephone dialing system and/or on an artificial or prerecorded voice, from four years from the date of this filing to the date this Class is certified, without prior express written consent. (the "Cellular Non-Consent Class").
- 31. The following individuals are excluded from the two proposed classes ("Classes"):

(1) Defendant, Defendant's subsidiaries, parents, successors, predecessors, and any entity in which Defendant or its parents have a controlling interest, and the current or former officers and directors of any of the foregoing; (2) persons who properly execute and file a timely request for exclusion from any of the Classes; (3) the legal representatives, successors or assigns of any such excluded persons; and (4) persons whose claims against Defendant have otherwise been fully and finally adjudicated and/or released.

32. Plaintiffs and the members of the proposed Classes were harmed by Defendant's acts in at least the following ways: Defendant, either directly or through agents, illegally contacted Plaintiffs and the Class members despite oral or written requests that the calls stop, thereby invading the privacy of Plaintiffs and Class members, and subjecting Plaintiffs and the Class members to annoying and harassing calls that constitute a nuisance.

Numerosity and Ascertainability

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 11 of 15. PageID #: 11

33. The exact size of the Classes is unknown and not available to the Plaintiffs at this time, but it should easily exceed 100 persons, and it is clear that individual joinder in this matter as pled is impracticable.

34. Defendant WGU is one of the nation's largest online universities with over 130,000 enrolled students. Its annual revenue is \$855 million, and it employs over 10,000 employees. On information and belief, WGU placed thousands of phone calls that fall into the definition of the Classes.

35. Members of proposed Classes can be easily identified through Defendant's records and data containing the time period(s) during which Defendant placed the telephone calls; the telephone numbers to which Defendants placed the telephone calls; and which numbers it believed were wrong numbers or that it lacked consent to call.

Commonality

36. There are many questions of law and fact common to the claims of Plaintiffs and the proposed Classes, and those questions predominate over any questions that may affect individual members of the proposed Classes.

37. Common questions for the proposed Classes include, but are not necessarily limited to the following:

- For the Call Stop Class, whether Defendant failed to honor "do not call" requests or had a protocol in place to do so;
- b. For the Cellular Non-Consent Class, whether Defendant had a practice of calling its customers for telemarketing purposes on their cell phones using ATDS or prerecorded voices without the customers' prior express written consent;
- c. Whether Defendant's conduct violated the TCPA;

- d. Whether Class members are entitled to treble damages based on the willful and/or knowing nature of Defendant's conduct; and
- e. Whether Defendant should be enjoined from engaging in such conduct in the future.

Typicality

- 38. Plaintiffs' claims are typical of the claims of the other members of the Classes.
- 39. Plaintiffs have no interests that are antagonistic to, or in conflict with, the Classes.

40. Plaintiffs and the Classes sustained damages as a result of Defendant's uniform wrongful conduct during transactions with the Plaintiffs and the Classes.

Adequacy of Representation

41. Plaintiffs will thoroughly and adequately protect the interests of the Class, as Plaintiffs and their retained counsel do not have any conflicts of interest with the proposed Class, are experienced in class actions of this type and can adequately represent the interests of the class, and Plaintiffs and their counsel have adequate financial resources to assure that the interests of the class will not be harmed.

Superiority

42. Defendant has acted and refused to act on grounds generally applicable to the Classes, thereby making injunctive and declaratory relief appropriate for the Classes.

43. The prosecution of separate actions by individual class members would create a risk of inconsistent or varying adjudications. A class action provides a fair and efficient method for adjudication of the controversy.

44. Common questions will predominate, and there will not be unusual manageability issues.

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 13 of 15. PageID #: 13

45. The prosecution of separate actions would risk confronting Defendants with incompatible standards of conduct and may also prove dispositive of the interests of other members not parties.

46. Plaintiffs re-allege each and every allegation of this Complaint contained in each of the previous paragraphs inclusive as if more fully set forth herein.

Case: 1:23-cv-01332 Doc #: 1 Filed: 07/07/23 14 of 15. PageID #: 14

e. Injunctive relief prohibiting such violations of the TCPA and Rules by Defendant in the future;

f. Pre-judgment interest on monetary relief;

g. Post-judgment interest on monetary relief;

h. An award of attorneys' fees and costs to the fullest extent permitted by law; and

i. All other and further relief as the Court deems necessary, just, and proper.
